Casino Technology is launching their latest PRO™ and 3D POWERED™ video-slot series in London

This year we are presenting at the London show a record breaking number of gaming products and innovations. We are introducing new products in all categories, including more than 20 new video slot games, 2 series of video slot machines, and a brand new jackpot system.

Featuring titles like RUMBLE IN THE JUNGLE™, AFRICAN MOON™, CAGE KINGS™, and AFRICAN MAGIC™, our brand new PRO™ series includes 25, 50 and 100-line video slots conceptually based on free spins combined with additional multi-level progressive jackpots and a range of additional prize features, guaranteeing higher attraction and longer playing time.

Using the latest technologies in game design and visualization 3D POWERED™ series is aiming to provide an extraordinary level of attraction. The exclusive 3D graphics are bringing new dimensions of entertainment and gaming power for the players. The series includes games like BORN TO RIDE™, DESERT KINGS™ and PRINCESS OF SPEED™, thematically complemented by the new multi-level Jackpot theme MOTORMANIA™.

On the multi-game side there will be presented a range of new versions of the popular GAMOPOLIS™ series, very successful in Europe, GAMOPOLIS III, IV and V, featuring selection of some of the best performing games combined with some of the most promising hot titles, including: QUEEN OF FRUITS™, BLAZING DICE™, AZTEC GOLD™, GIRLS & DIAMONDS™, JADE BIRD™, GOURMET DE PARIS™, MAGIC JEWELS™, CHINESE GATE TREASURE™.

All the games will be presented in the latest series of hi-end gaming machines, including GEMINI SENSEA PLUS™ upright and TANGRA TOUCH™ slant top powered by the new hardware platform TOUGH RIDER™. GEMINI SENSEA PLUS™ is an enhanced version of the highly successful GEMINI SENSEA™ launched last year, incorporating the latest trends in industrial design, featuring slimmer shape, dual 22" LCD screens, along with a range of additional features ensuring interactive and comfortable environment for the player.

The latest slant top offering TANGRA TOUCH™ boasts an imposing design leaving impression for solidity and class. Also featuring a range of advanced devices and options, including the EYESIGHT™ multimedia featured on the 3rd 7" display, sensor buttons and enhanced sound system here Casino Technology bets on the strong and solid construction guaranteeing longer and comfortable play along with continued and flawless operation.
