

PRESS RELEASE

Date of release: July 21st, 2008

TRADITIONS AND INNOVATIONS FOR THE ROMANIAN MARKET

Casino Technology's representative branch in Romania and Republic of Moldova sales rents and provides technical support of gaming and slot equipment. Advanced Technology Innovations has been recognized as one of the most reliable local suppliers partnering with some of the biggest casinos and gaming halls in Romania and Moldova, of giant operators like Million (Ritzio), Colonial Casino, Golden Palace, Meridianbet Romania, Mozart Gaming, Top Games, Viva, Princess Casinos International, Casino Palace, Metropolis, Max Bet and many others.

Recently two more sales managers joined the local team of the company in order to handle the great deal of customers from all over the country: Bogdan Smeu is in charge of Western Romanian market, and Nikoleta Popa is in charge of South and East Romania. The technical support team was reinforced as well by recruitment of a second technical manager Constantin Voicu.

"Our team consists of young and motivated persons with strong experience in gaming operations,' comments Martin Ivanov, Managing Director ATI. 'And the task is easier because Casino Technology game design team has created a range of releases perfectly suited to the local market and player's tastes. Proving day by day their popularity and profitability now one of the most successful products around Romanian gaming sites are video slots like Ocean Delight, Golden Bird, Aztec Returns and the multi game series Multi Gemini."

The extended Casino Technology video-slot collection, completed with attractive jackpot signs will be demonstrated at stand No 105 at the forthcoming Bucharest expo 'Entertainment Arena' in August. Along with the proven games Romanian clients will have the chance to test the next portion of slot releases, including Deep Water Fishing, Traffic Craze, Carnival Princess and many more, featuring extraordinary graphics and attractive bonus systems.
