

PRESS RELEASE

Date of release: June 13th, 2007**Casino Technology products conquer new territories in Latin America**

After the successful presentation at SAGSE, Buenos Aires last year, Casino Technology exhibited for the first time at FADJA, Bogotá. The luxurious slot machine range GEMINI, which has become well known on the Latin market greatly impressed the visitors to the Casino Technology stand.

"This show proved very successful for us", said Nevena Aleksieva, SM Latin America. "Our products drew active attention from the visitors and some of them even announced our machines as one of the best, demonstrated at the show. The operators showed great interest in the exhibited video-slots, especially the multi-game products. We received a number of enquiries from local operators which we expect will result in a substantial amount of new orders to come from the clients operating in Argentina, Peru, Colombia and Venezuela, especially due to the new price list we have provided for this area. All exhibited products were left at local sites for as trial products. We at casino Technology is also extremely excited at the significant interest showed by the Brazilian operators, so we will immediately go to work to produce a Portuguese language versions of the video slots for this exciting and emerging market."

Casino Technology displayed 8 of their latest original video slots at FADJA these included: Multi Gemini, Mystical Jewels, Coffee Magic, Emperor's Adventures, Peaches Riches. This provides a wide selection Spanish language games available for the Latin American market, as the number now grows to 30. Through this Casino Technology is able to provide the needed diversity of gaming concepts and maths to suit any operator.

The next stop for Casino Technology in Latin America will be at Peru Gaming show in Lima, August 8-10.
