

PRESS RELEASE: September 15th, 2009**FOR IMMEDIATE RELEASE!*****New products from Casino Technology mark 10 years of success***

At the height of the 10-year Anniversary, which Casino Technology celebrates with a lot of events during the year, the company is ready to demonstrate its latest products.

Up to 10 new releases will be presented in the key markets of Romania, Czech Republic and Hungary during the shows in September. CHINESE GATE TREASURE, GIRLS WITH DIAMONDS, VIVA CUBA LIBRE, SUPER MARKET, RUMBLE IN THE JUNGLE and AFRICAN MOON along with the latest version of the popular multi-game GAMOPOLIS II are some of the titles to be demonstrated for the first time in Europe.

With the variety of math concepts Casino Technology game design team aims to provide a greater choice to operators for setting the ideal slot mix, depending on their specific location, type of gaming hall and customers demands.

Free spins series combined with rounds of wins are still a must but some of the latest releases include even more varied features, aiming to ensure higher attraction and longer playing time.

RUMBLE IN THE JUNGLE is a 25 line video slot featuring 3 levels of progressive jackpot during the free games. The video slot features different rate of volatility in normal games and in free games.

AFRICAN MOON also has 3-level progressive jackpot feature, which is defined by different winning combinations. Three different kinds of animal symbols can fill the screen and the player may win one of the jackpot levels: Bronze, Silver or Gold.

All the games are available in GEMINI cabinet as well as in its enhanced version GEMINI SENSE. They feature wide LCD screens, attractive 3D-graphics, catchy soundtracks and a range of additional features ensuring interactive and comfortable environment for the player. Some video slots are also introduced through the latest slant top offering from the company TANGRA TOUCH, powered by the new hardware platform Tough Ryder. The prototype series of TANGRA TOUCH impressed the audience with its imposing design leaving impression for solidity and class. Casino Technology bets on the strong and solid construction guaranteeing longer and comfortable play along with continued and flawless operation.

Celebrating its 10-year anniversary Casino Technology is proudly showcasing the long awaited 2nd version of its popular multi-game MEGA JACK.

The new version of the mega seller features a range of improvements in terms of security and functionality, including: enabled communication SAS modules, settings and statistics menus modified for operators convenience and enhanced security.

After taking part at Entertainment Arena in Bucharest, Gamexpo in Budapest and Forbes in Prague, Casino Technology will mark the culmination of the 10-year Anniversary celebrations during their domestic BEGE expo at the beginning of October with the launch of more new products and systems.
