

PRESS RELEASE

Date of release: December 18th, 2006

Casino Technology breaks personal Games Launch Record

In 2006, Casino Technology launched a record-breaking number of new video slot games, some of which were demonstrated recently at G2E in Las Vegas, including: *Coffee Magic, Kung Fu Master, Wild Tiger, Peaches Riches, Magic Beauty* and *Multi-Gemini*.

"During the entire year our game design team was working at 'full speed ahead'. Since the launch of our highly acclaimed GEMINI line at the beginning of 2006, a great deal of attention was focused on this product line and we had the ambitious goal to respond to expectations by delivering a full variety of quality games to make the package complete' - said Sonia Nikolova, Casino Technology's Sales Director Eastern Europe. 'The new range has been developed taking into account the advice of some of the leading slot experts in Europe and as a result we have managed to offer operators a wide selection of highly performing video slots, applicable to different types of players and gaming sites."

The GEMINI collection includes classic design, high volatility games, with the opportunity for riskier bets and higher wins as well as low-volatility games appealing to players who enjoy long varied games focusing on bonus events and interaction. Enhanced by quality graphics, with additional features shown on the second video screen, these products have a number of advantages, including: multi-denomination, user-friendly interface with built-in options, improved sound performance, cashless system, great variety of jackpots, and all of them are SAS protocol compatible.

"We are pleased that so many of them have achieved great market results in key territories including Latin America, Central Europe, Balkans and Eastern Europe', concludes Sonia Nikolova. 'Games as Golden Elephant, Silk Quest, Gamopolis, Gold of Babylon III and Milady have achieved permanent good performance and have become player's favorites in gaming sites around the globe. Our end-of-the year plan has at least 6 new game releases to be introduced at ICE, where we are going to offer to our clients very attractive promotional packages for the GEMINI collection of games. Just come and see us at stand 3260."

Press release ends

Caption text: Six new releases from the successful GEMINI SERIES were introduced at G2E and a lot more are to come soon
